NEHOS

Nehos home automation system.
It changes your life without changing your home.

bpt

The hustle and bustle of everyday life and the increased amount of time spent outside the home often leads to a need for more convenience and safety, for user-friendly technology that helps simplify life. The need is ever stronger to have your own quiet corner, a safe, friendly comfortable environment to find the right balance. And where technology can become a powerful ally,

REDISCOVER THE PLEASURE
OF TRANQUILLITY.

Within the walls of home, technological systems and automation are taking on an increasingly important place. But sometimes their complexity makes them seem cold and distant. That's why there is the need for technology that until now was unheard of, that truly makes life easier, and magically becomes the key to our tranquillity.

THE ANSWER IS HOME
AUTOMATION

Home automation is the advanced solution to the need for comfort, safety and savings, today and every day. Finally, everything is under control where you can keep an eye on it. You give the orders and your home obeys, stands guard and works. It's all so easy to manage.

HOME AUTOMATION
MAKES YOUR HOUSE
SMART.

NEHOS, HOME AUTOMATION FROM BPT.

Imagine that with just a click you can activate a scenario of lights and comfort that welcome you back home. Imagine managing all the appliances in your home from just one place. Imagine being able to keep an eye on every part of your home. Imagine being able to interface your burglar alarm with the Internet and receiving alarm signals via e-mail in your office or on your cell phone. Now you can do all this with Nehos home automation from Bpt.

NEHOS.
TODAY YOU CAN CHANGE
YOUR LIFE, WITHOUT
CHANGING YOUR HOME.

comfort

Making maximum use of all the technological systems in your home means enjoying greater quality.

savings

Thanks to Nehos you can manage all consumption more intelligently, from electricity to heating, putting an end to waste.

security

Nehos takes care of your home, those you love and everything that belongs to you. The level of attention is at its peak. And with safety comes more tranquility for you.

entertainment

Only Nehos offers you complete control of even the most advanced technologies for information systems, communications and entertainment. Internet, telephone services, and TV come together and multiply the opportunities for information and fun.

flexibility

Nehos home automation lets you meet your needs today and every day. As opposed to the traditional system, the home automation system can change to meet the new needs with simple reconfiguration, with no need to modify or change the existing system.

COMFORT SURROUNDS YOU.

Relaxation is just a touch away.

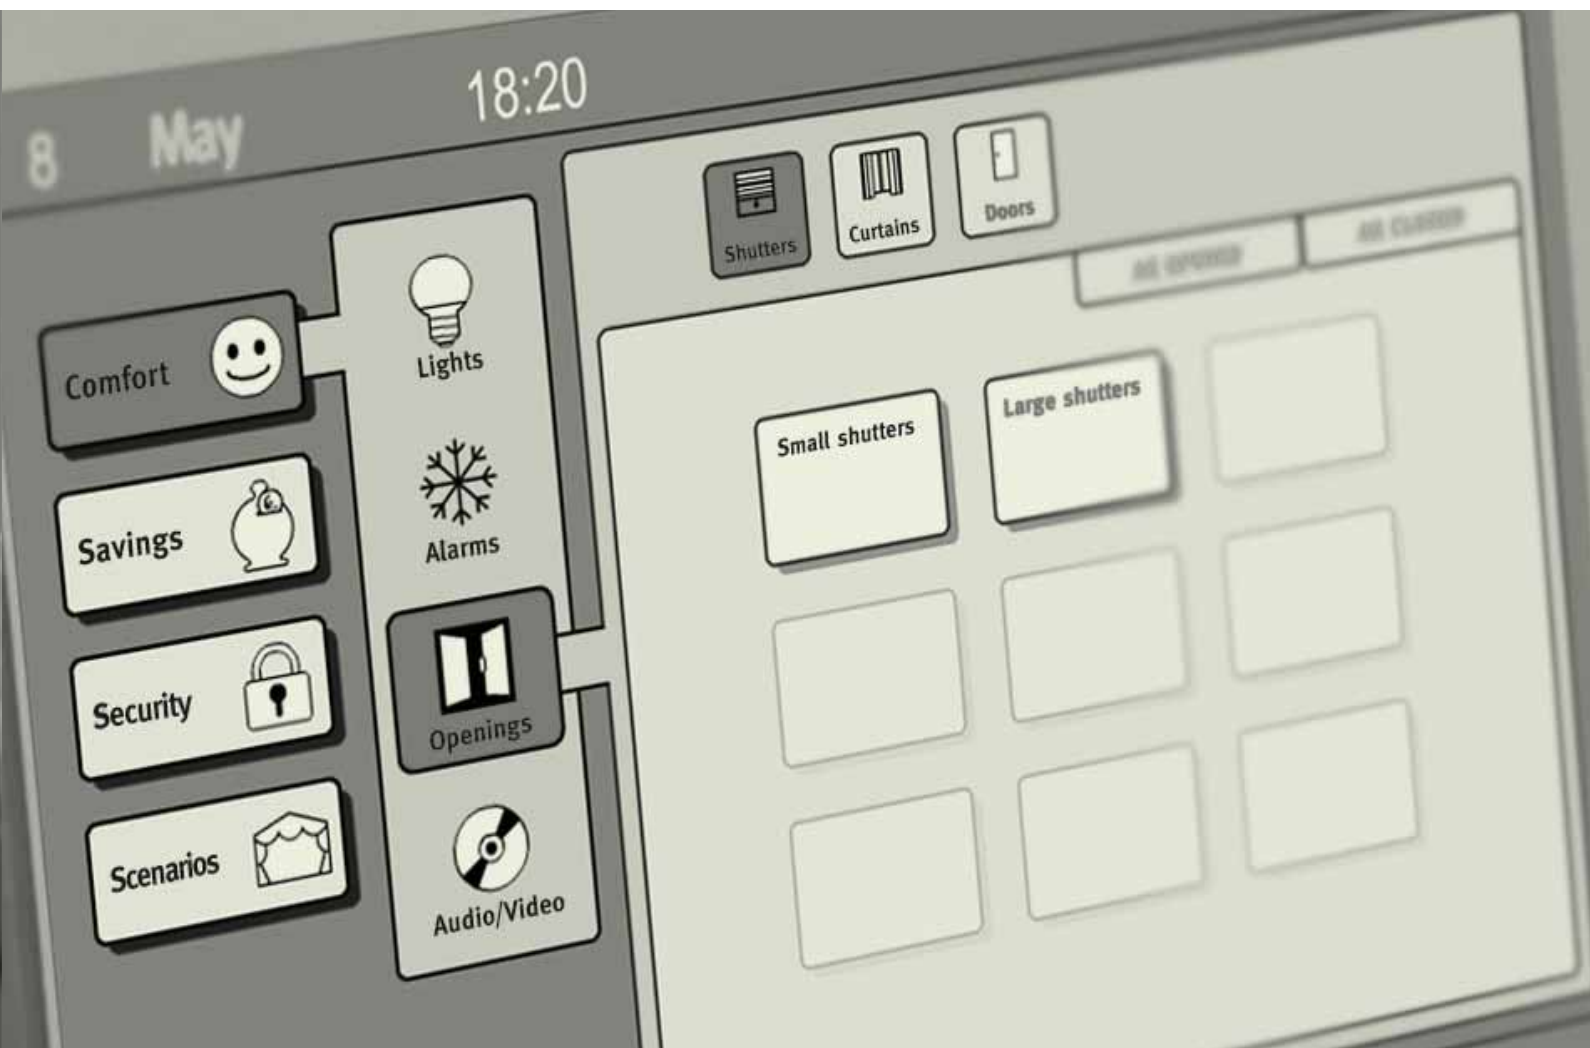

LIGHTING

With Nehos system you can turn on and turn off, from a single place, all the lights in the home, area by area and point by point, and even adjust the brightness.

SCENARIOS

With Nehos system you can choose any scenario for lighting, openings, and climate control. Just a click, for example, lets you simultaneously turn off all the lights in the home, lower the shades, reduce the temperature, close the gas valve and set the burglar alarm. A number of scenarios can be set up, such as "Enter", "Exit", "Night", "Week-end", "Guests".

AUTOMATION OF OPENINGS

With Nehos system you can control, from just one place, curtains, shades, shutters, skylights or any other application.

HEAT REGULATION

Nehos lets you control comfortable temperatures in any season, all day long, every day of the week. The adjustment on three temperature levels and a series of pre-set programmes make it possible to meet any need.

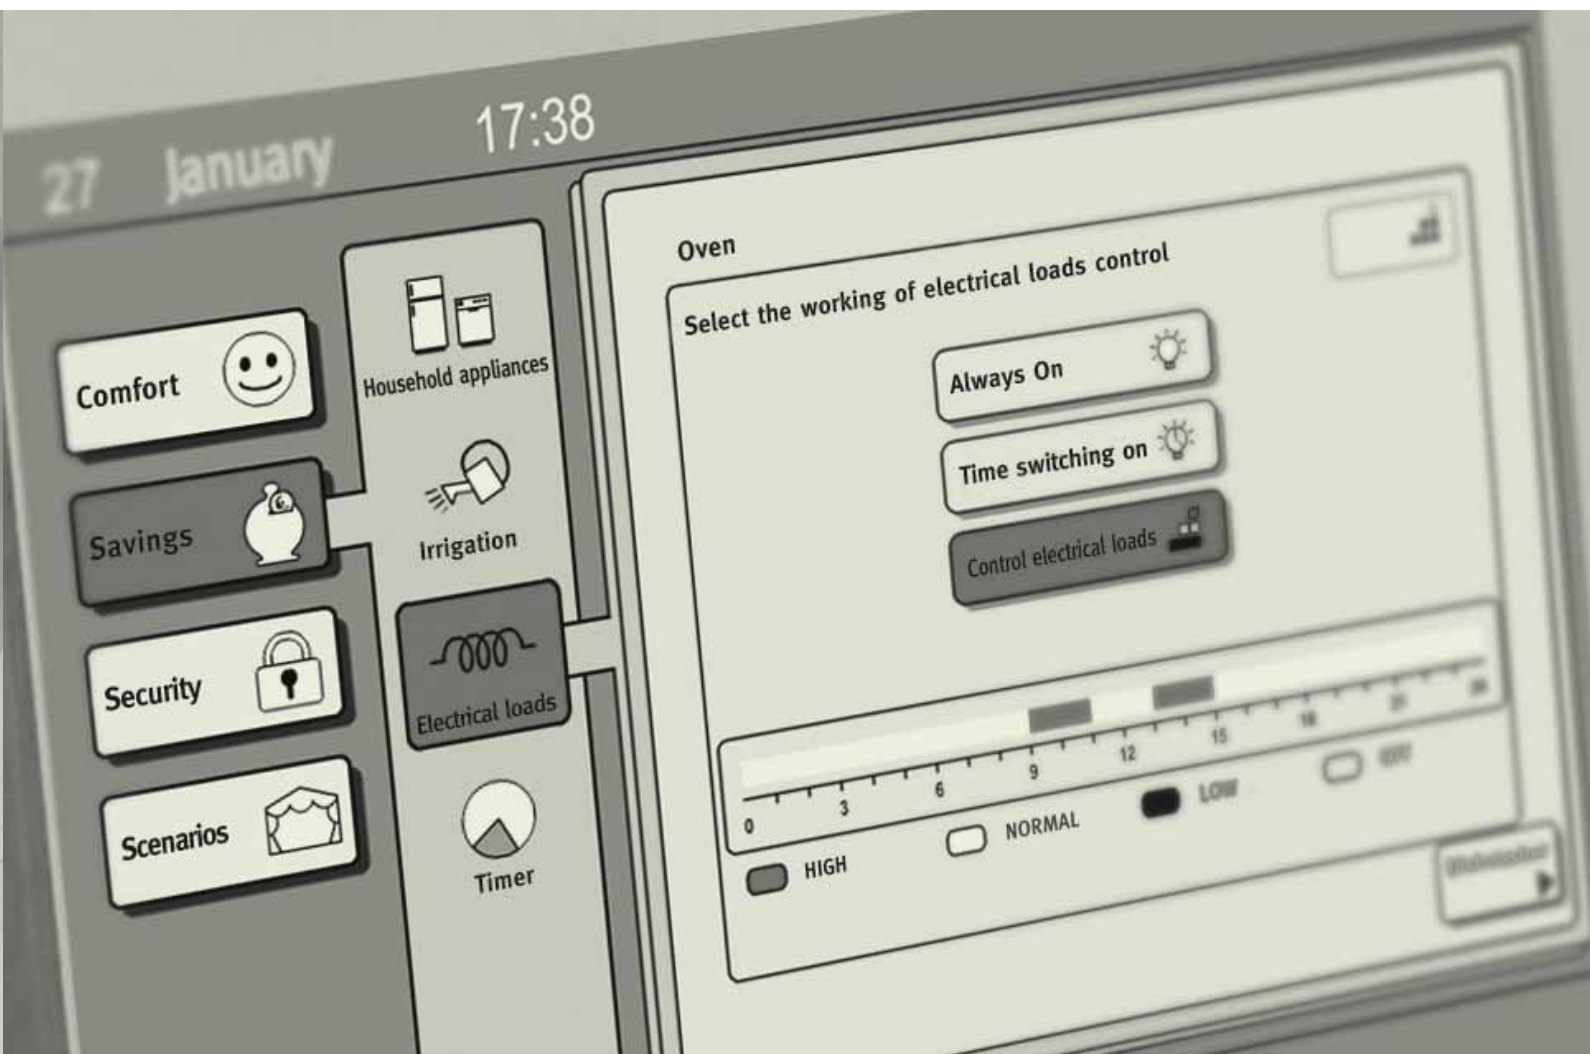

REMOTE MANAGEMENT

With WebNehos system it is possible to be at home in a virtual manner even if you're somewhere else, like in the office, on vacation or out with friends, by going online from any PC. You can access all functions just as if you were using the terminal back at home.

SAVINGS MULTIPLY.

At your service with just a touch.

MANAGEMENT OF ILLUMINATION AND LIGHTING

With Nehos system you can handle all the light points in your home. Get rid of useless wastes of energy with the timed and person-present functions.

CLIMATE CONTROL

With Nehos system you can keep an eye on the consumption of the heating system. Multi-zone temperature management provides the right degree of comfort anywhere in the home, at the times and days you programme.

MANAGEMENT OF ELECTRICAL LOADS

With Nehos system you can handle all the appliances in your home. Turn the loads on and off at different times of day, and control power consumption by bypassing loads based on assigned priority.

SECURITY GOES THE EXTRA MILE.

One touch keeps everything under control.

VIDEO ENTRY CONTROL

Nehos system lets you access all the video control entry systems of home, either hard-wired or wi-fi from anywhere in the home.

INTRUDER ALARM

With Nehos system you can monitor the alarm status from anywhere in the home.

VIDEO SURVEILLANCE

With Nehos system you can see everything that's going on inside and outside your home from just one place. Pan cameras and zoom on details for a feeling of total control.

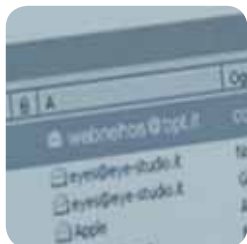

TECHNICAL ALARMS

With Nehos system you can monitor any gas or water leaks. The control system, conveniently interfaced with solenoid valves in the event of alarms sends the status indication by webmail and sms.

ENTERTAINMENT TAKES THE STAGE.

Choose your world with the touch of your hand.

INTERNET AND WEBMAIL

With Nehos system you access services as with any computer, and send and receive webmail.

TELEPHONE SERVICES

With Nehos system you can access traditional telephone services (PSTN) and VOIP either with a receiver or hands-free. This function also includes a built-in voice mail.

TV

With Nehos system you can watch all available TV channels, just like on a normal TV set.

TRANQUILLITY
IS ALSO
AN ANSWER
TO ANY QUESTION.

1 VERSATILITY AND FLEXIBILITY.

Safety for you and the things that are dear to you is the concept at the base of the entire product philosophy. Everything you do, every order you give the system is immediately translated into action, in full compliance with your needs while completely respecting your privacy, without unwanted intrusions.

2 MAXIMUM ATTENTION TO YOUR SAFETY.

You have chosen a Nehos system, which means you've chosen the convenience of an open system which meets your needs today and in the days to come, because your changing needs are immediately met with the addition of just what you need, without touching or changing what you have already done. The Nehos home automation system fits in with any civil electrical system to ensure the greatest possible flexibility of use.

3 CONSULTING SERVICE THAT ALWAYS STANDS BESIDE YOU.

A network of Bpt home automation consultants is at your disposal to assist and guide you in the selection of the product and service that best suit your needs. To make your home as comfortable as it gets.

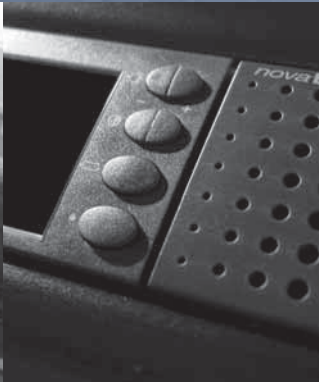

4 A CUSTOM-MADE SYSTEM.

The experience of Bpt ensure the creation of a customized system that truly meets your needs.

Bpt has been in our homes for over half a century with its audio and video entry control systems and its thermal control systems. Today, with the Home Sapiens line, we offer home automation systems that offer a glimpse of lifestyles of the future. These products are technologically advanced, functional, easy to use, original and with simple shapes.

FOR 50 YEARS,
